ENVIRONMENTAL POLICY

YACWAG strives to minimise the impact of our organisation's activities on the environment in keeping with the ecological and climate emergencies.

It is our policy to:

- Use resources in the most effective manner
- Minimise waste
- Recycle and use recycled products where possible
- Use local businesses to purchase materials and equipment when possible
- Minimise the impact of transportation, particularly through car sharing
- Encourage members to adopt sustainability principles in their everyday lives.

YACWAG activities and decision making should be consistent with this policy.

Approved: 12th January 2022

Next Review: 2025
